

Old Oak Primary School Update – Friday 14th July 2023

Dear families,

This year has been a successful year for our football teams – the boys narrowly missed qualification for the further stages and the girls reached the North final, which they narrowly lost on penalties. On Wednesday, the girls represented the school at a World Cup competition with schools from outside the borough. And they won! Congratulations to the girls. As you can see, they were awarded and get to keep the trophy, and we had player of the tournament as well – Lani. Well done to everyone for a successful day.

The Year 5 class have been working with the Mohn Centre at Imperial College. The Centre brought together academics and year five pupils from Old Oak to discuss their views on health and wellbeing in White City and Old Oak. The news story is live on the Imperial College site: <https://www.imperial.ac.uk/news/245899/mohn-centre-welcomes-year-class-white/>

Some children were also invited to the Royal Institution to experience a day of science with the most famous experiments performed live in front of an audience. It was a wonderful chance for those particularly interested in science to see the subject come to life and understand the relevance and possibilities for their futures.

ATTENDANCE

We finish school for the summer at 1.45pm on Friday 21st July. We have already been approached by families who intend to leave the school early before the end of next week. While we understand the circumstances in some cases, it is against the law to remove children from school except in exceptional circumstances. We will have to pass on the details of all children who leave early to the local authority and we will work with the LA to fine those families who regularly remove their child before the end of term.
